Print date: 18.04.2012

D-FET hydrochloride Product code: 3071

Page 1 of 4

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### Product identifier

D-FET hydrochloride

#### Further trade names

D-Tyrosine, O-(2-fluoroethyl)-, hydrochloride salt

Synonymes:

D-Tyrosine, O-(2-fluoroethyl)-, hydrochloride; (2R)-O-(2'-fluoroethyl)-D-tyrosine, hydrochloride; D-FET · HCl

## Chemical characterization (substance)

D-Tyrosine, O-(2-fluoroethyl)-, hydrochloride salt

## Details of the supplier of the safety data sheet

Company name:	ABX advanced biochemical con	ABX advanced biochemical compounds	
	Biomedizinische Forschungsreagenzien GmbH		
Street:	Heinrich-Gläserstraße 10-14		
Place:	D-01454 Radeberg		
Telephone:	+49 3528 4041 60	Telefax: +49 3528 4041 65	
e-mail:	info@abx.de		
Contact person:	Dr. Jan Mollitor	Telephone: +49 3528 4041 718	
e-mail:	mollitor@abx.de		
Internet:	http://www.abx.de		
Emergency telephone:	+49 3528 4041 60		

## **SECTION 2: Hazards identification**

#### Route(s) of Entry

### Signs and Symptoms of Exposure

Carcinogenicity (NTP):	Toxicological data are not available.
Carcinogenicity (IARC):	Toxicological data are not available.
Carcinogenicity (OSHA):	Toxicological data are not available.

#### Other hazards

Warning - substance not yet tested completely.

## **SECTION 3: Composition/information on ingredients**

## Substances

Sum formula:	C11H14FNO3 · HCI
Molecular weight:	263.69

## **SECTION 4: First aid measures**

## Description of first aid measures

### After inhalation

Provide fresh air.

according to ANSI Z400.1-2004

Print date: 18.04.2012

D-FET hydrochloride Product code: 3071

Page 2 of 4

## After contact with skin

After contact with skin, wash immediately with: Water. Change contaminated clothing.

#### After contact with eyes

Rinse immediately carefully and thoroughly with eye-bath or water.

#### After ingestion

If swallowed, immediately drink: Water. Immediately get medical attention.

### **SECTION 5: Firefighting measures**

## Extinguishing media

#### Suitable extinguishing media

Extinguishing materials should be selected according to the surrounding area. Suitable extinguishing media: Foam. Extinguishing powder. Carbon dioxide (CO2). Atomized water.

#### Advice for firefighters

In case of fire: Wear self-contained breathing apparatus.

#### Additional information

Contaminated fire-fighting water must be collected separately. Do not empty into drains or the aquatic environment.

## **SECTION 6: Accidental release measures**

#### Environmental precautions

Do not empty into drains or the aquatic environment.

## Methods and material for containment and cleaning up

Collect mechanically. Treat the assimilated material according to the section on waste disposal.

## **SECTION 7: Handling and storage**

#### Precautions for safe handling

#### Advice on safe handling

Do not breathe dust. Conditions to avoid: skin contact. Eye contact. Wear personal protection equipment. Do not eat, drink, smoke or sneeze at the workplace.

### Conditions for safe storage, including any incompatibilities

## Requirements for storage rooms and vessels

Keep container dry. Keep container tightly closed.

#### Further information on storage conditions

Recommended storage temperature: of °C: 2 up to °C: 8 Protect against: Light.

#### **SECTION 8: Exposure controls/personal protection**

#### Control parameters

#### Exposure controls

#### Occupational exposure controls

In case of open handling equipment with built-in suction must be used. Do not breathe dust.

#### Protective and hygiene measures

Change contaminated clothing. Wash hands before breaks and at the end of work. When using do not

according to ANSI Z400.1-2004

Print date: 18.04.2012 Product code: 3071 eat or drink.  SECTION 9: Physical and chemical properties Information on basic physical and chemical properties Form: fest Color: off-white Odor: odourless Changes in the physical state Solubility in other solvents: dimethylsulphoxide (DMSO).
